**PATIENT OR PERSON RESPONSIBLE FOR PATIENT TO READ AND SIGN**

Bethesda Health Care is committed to managing your personal health information according to the current Australian Privacy Act. More information is available on our website [www.bethesda.org.au](http://www.bethesda.org.au) or by contacting our Privacy Officer on (08) 9340 6300

**COLLECTION**

Bethesda Health Care staff will collect your personal information:

- that is necessary for your safety, optimal care and treatment;
- that is required by law;
- that is necessary for billing and the business management of our service; and
- that enables us to monitor our service quality and customer satisfaction.

We may also need to obtain and share information from other sources such as your GP, other healthcare providers and hospitals, including pathology laboratories. In emergency situations we may need to collect personal information from your next of kin, your relatives or other sources.

**USE AND DISCLOSURE**

Your information will be used as listed above and also:

- to inform manufacturers of any prosthetic or medical devices you may receive as part of your treatment, for safety and regulatory purposes. These manufacturers may be located overseas;
- to inform the person you have nominated of your health status;
- for account keeping and billing, including sharing information with health insurer's, Medicare and, if required, outside collection agencies;
- for the management of patient safety, training and education, quality assurance and accreditation purposes; and
- where legally required, such as producing records to court and mandatory reporting of information to State and Federal authorities, including the notification of certain communicable diseases.

**ACCESS TO YOUR MEDICAL RECORD**

You are entitled to access your own medical record at any time convenient to both yourself and the hospital. Requests or queries must be directed to our Privacy Officer. The request will be actioned within 30 days of receipt and a charge for photocopying, staff time and processing your request may be made.

Access may be denied where:

- there is a legal impediment to access;
- the access would unreasonably impact on the privacy of another person;
- your request is frivolous;
- the information relates to anticipated or actual legal proceedings and you would not be entitled to access the information in those proceedings;
- it is in the interests of National Security; or
- it would create a serious threat to life or health if access was granted.

**SECURITY AND CONFIDENTIALITY OF YOUR INFORMATION**

We have policies, processes and storage systems that comply with relevant legislation to ensure your information is protected from misuse, interference, loss, unauthorised access, modification or disclosure. Information will be retained for the period of time determined by current Australian legislation and will be disposed of confidentially in line with legislated document disposal schedules.

**MAKING AMENDMENTS TO YOUR MEDICAL RECORD**

You are entitled to amend the information on your medical record. We will take steps to record, all of your amendments, and place them with your medical record but will not erase the original record. Please contact our Privacy Officer.

**WITHHOLDING SENSITIVE INFORMATION**

You may request certain information be withheld for personal reasons. Bethesda may not be able to admit or treat you where it considers the information is not comprehensive enough to provide quality health care.

**USE OF A PSEUDONYM**

You may choose to be known by a pseudonym (alias) while in hospital, however your accurate identifying details may be required for our billing purposes but will be kept confidential.

**WITHDRAWING CONSENT**

If you provide your consent to release information to other parties or for other purposes and would like to withdraw this consent, please contact our Privacy Officer

**FEEDBACK AND COMPLAINTS PROCESS**

Please lodge any feedback via our Patient Feedback Surveys, via our website [www.bethesda.org.au](http://www.bethesda.org.au) or contact our Privacy Officer.

### FINANCIAL INFORMATION

#### **PAYMENT OF ACCOUNTS, HOSPITAL AND THEATRE FEES**

As a service to our patients we provide an estimate of the likely medical costs you will be required to pay in relation to your stay at Bethesda.

Our estimates are based on eligibility information provided by your health fund. We advise you to check with your health fund before admission to verify your level of cover and any potential gap fees.

If you have private health insurance you will be required to pay any excess or room co-payments you have linked to your level of cover at the time of your admission. The amount you will be required to pay will depend on your health insurance fund, your level of cover and any excess gap you have elected. On admission we require payment for any amount you are responsible for.

It is your surgeon's responsibility to inform you if there are any out of pocket expenses for any surgically implanted prosthetics or supplies they choose to use. Depending on your procedure your surgeon may recommend a device that requires a gap payment by you which you will need to pay to the hospital.

On admission we will request authorisation so we can arrange payment of your account directly to the hospital from your health fund. If your account has a balance owing after receipts from your health fund you will be responsible for payment of that balance.

#### **DVA ADMISSIONS**

Gold card holders are fully covered for all inpatient hospital services.

White card holders require approval prior to admission

#### **DEFENCE PERSONNEL, MOTOR VEHICLE AND**

#### **WORKERS COMPENSATION INSURANCE**

Approval for your procedure is required prior to admission. If approval has not been received you may elect to use your private health insurance or self fund. An estimate of fees will be provided for self funded patients.

Patients will be covered for a shared room. Should you elect a private room additional charges will apply.

#### **SELF FUNDED PATIENTS**

If you are uninsured, or your procedure is not covered under your insurance, or it is cosmetic, you will be required to pay estimated costs for your theatre and hospital fees **24 hours prior to admission**. You can obtain an estimate by contacting Patient Accounts on (08) 9640 6318

We endeavour to provide an accurate estimate of your costs. This may change for reasons such as:

- your surgeon may vary the proposed treatment, procedure or length of stay;
- your procedure may require provision of disposable patient appliances; or
- your doctor may use a different prosthesis .

#### **PAYMENT FACILITIES**

The hospital has EFTPOS facilities and major credit cards are welcome. Please be aware daily limits may apply to your account. We suggest that you check with your financial institution as we require payment in full at the time of admission.

#### **ROOM ALLOCATIONS**

While every effort will be made to provide the accommodation you have requested, room allocation depends on room availability on the day of your admission. Where a shared room is requested and a private room is allocated additional payments may apply. Sometimes patients staying overnight may be admitted through the day procedure unit.

#### **POST DISCHARGE AND ADDITIONAL ACCOUNTS**

You may receive an account after discharge for additional costs (pharmacy, prosthetics, room charges, consumables) incurred during your stay at Bethesda Hospital.

Depending on your procedure you may also receive additional accounts from:

- your surgeon;
- your anaesthetist; and
- the assistant to the surgeon.

#### **RADIOLOGY AND PATHOLOGY SERVICES**

These services are partly covered by Medicare. For these services you will receive separate accounts which will be sent following your discharge.

Self funded patients may also receive additional accounts for services such as physiotherapy.

#### **AMBULANCE SERVICES**

There may be a charge for using ambulance services for transfer to or from home to hospital and for inter-hospital transfers. Please check with your health fund and/or St John's Ambulance to verify your cover.

### CLINICAL INFORMATION

#### WHAT TO BRING TO HOSPITAL

- Healthfund membership details, Medicare card, pension card;
- Letters or referrals / forms from your doctor;
- Relevant X-rays;
- Crutches if requested by your doctor;
- Glasses / contact lens with cases and, if appropriate, your hearing aid; and
- **All your current medications in their original boxes with the pharmacy label or a letter from your GP or Pharmacy listing your current medications.**

#### PRE-ADMISSION NURSE

To prepare for your stay you may be contacted by the pre-admission nurse to confirm your health history and to answer any questions or concerns you may have.

Some procedures will require you to come in and meet with the nurse who will contact you to make an appointment time.

#### VALUABLES

Valuables and jewellery are best left at home.

The hospital cannot accept responsibility for the security of personal items.

#### DAY SURGERY

Day surgery patients will be in hospital between 3 and 6 hours depending on the procedure, and refreshments will be offered to you before discharge. You do not need to bring sleeping attire.

For your safety you are required to have a responsible adult **accompany you at discharge and stay with you for 24 hours** after the anaesthetic or sedation given during your procedure.

You are not permitted to drive or operate heavy machinery for 24 hours after your anaesthetic or sedation given during your procedure.

#### OVERNIGHT STAY

We require all overnight stay patients to be discharged between 9:30 and 10:30 am.

You will receive instructions specific to your procedure from nursing staff. Please ensure you follow these instructions, and speak with the nursing staff if you have any questions or concerns before you go.

### HELP US CARE FOR YOU

#### INFECTION PREVENTION

You may wish to discuss with your doctor ways to reduce your risk of infection. **You must tell your doctor if you have a cold, a fever or if you have been unwell prior to your surgery.**

Please advise friends and relatives not to visit you if they are unwell.

#### HAND HYGIENE

Hand hygiene means cleaning your hands either by using soap and water or by using alcohol based hand rubs at times such as after going to the toilet or bathroom and before eating.

This will help stop germs spreading and reduce your chance of infection.

You should ask your visitors to clean their hands before and after visiting you.

Staff at Bethesda participate in the National Hand Hygiene Initiative. While with us, you will see our staff and your doctors cleaning their hands before and after attending to your care. If they don't, please ask them to - we don't mind being reminded!

#### PRE-OPERATIVE SHOWERING

Before coming to the hospital please shower on the day of your surgery. Do not use deodorant or talc. Dress in clean, comfortable clothing. You may be asked to have an antiseptic wash or shower after admission. Use a chlorhexidine wash if your surgeon or the pre-admission nurse has instructed you to.

#### CARE OF YOUR WOUND AND DRIP SITE

Keep all dressings clean and dry and tell the nurses immediately if your dressing becomes loose or wet. Please let your nurse know of any increasing pain, redness or swelling around your wound or drip site while you are in the hospital.

#### AIDING YOUR RECOVERY

Follow instructions regarding deep breathing and leg exercises.

#### LOOKING AFTER YOURSELF

CALL, DON'T FALL. Remember: medication and having surgery may make you dizzy and affect your balance. Before getting up for the first time after surgery call for a nurse by using the nurse call button on the patient hand console and wait for assistance.
